PROFESSIONAL EXPERIENCE

Senior Technical Writer

Elektrobit GmbH | Erlangen, Germany

Apr 2019 – Aug 2025

- Produced technical documentation using Docs-as-Code and DevOps workflows integrated with CI/CD pipelines.
- Collaborated with developers, product owners, UX specialists and SMEs to define documentation aligned with product roadmaps.
- Led knowledge-sharing sessions on structured authoring and best documentation practices, adopted across development teams.
- Mentored junior writers and served as Scrum Master for a six-month period, sustaining sprint velocity for the documentation team.
- Piloted AI-assisted review workflows (GitHub Copilot), reducing review time.

Technical Communications Lead

Schlumberger | Montpellier, France

Jan 2012 – Mar 2019

- Led migration of legacy documentation to a DITA-based CCMS, increasing content reuse and reducing duplication.
- Managed and mentored a team of three technical writers.
- Developed reusable modules for global platforms, standardizing terminology and improving consistency across projects.

Technical Writer

Ericsson, EADS, Hewlett-Packard, Sigma, Nortel | France, UK, Sweden

2000 – 2011

- Created and translated technical documentation in English and French across telecom and aerospace product lines.
- Designed technical illustrations and diagrams
- Supported structured content practices.

EDUCATION

Master's Degree in Information Engineering and Specialized Translation

Université Paris Cité, Paris, France | 2000 – 2001
